Skills

- Python
- Github
- SQL
- Data Analysis
- Machine Learning
- Computer Vision
- Speech Recognition
- NLP
- Graphic Design

Tools

- Mysql
- PowerBI
- Jupyter Notebook
- Figma
- Visual Studio Code
- Excel
- Canva
- Adobe Photoshop

PROJECTS AND EXPERIENCES

Research Work

A Conformer based Nepali Automatic Speech Recognition System

- Research Paper submitted in ICON 2024

Benchmark for Nepali ASR

- Currently working

Participated in Hackathon

Kathmandu University, 2022

- Completed Computer Vision Project on Automated Attendance System using Haar cascades

Machine Learning Project

NLP Project

- YouTube , Website summarization app
- Message Spam Detection
- Duplicate question paper analysis

Computer Vision Project

- Posture Detection
- Image Classification

EDUCATION

Bachelor's of Computer Science

Kathmandu University , 4th Year Student

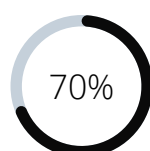

High School (+2)

Kathmandu Model College, CGPA:3.63

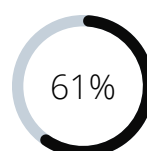

Current Pursuing Associate Data Analyst course from DataCamp

SKILLS SUMMARY

Speech
Recognition

Data Analysis

Machine Learning
